

CardioMessenger Smart 3G

Product Information

Material Compliance

REACH
ARTICLE 33 (1)

This product information refers to the CardioMessenger Smart 3G transmitter, including accessories and packaging material.

One or more articles¹ in the product contain listed SVHC candidates at a concentration $\geq 0.1\%$ (w/w) in accordance with Articles 33 and 59 (1) of Regulation (EC) 1907/2006 (REACH).

This product information reflects our current knowledge, is subject to regular review and is used to pass on supplier information in accordance with Article 33 (1) of the REACH Regulation. Thus, it contains no statement on product properties and no statement about potential risks for patients.

Identifier	Name
CAS: 12060-00-3 EG: 235-038-9	Lead titanium trioxide

¹ In Article 3 (3) of the REACH Regulation, article is defined as "object which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition". Therefore, products may fall under the scope of Article 33 REACH because of the articles or materials they contain, although the concentration of an SVHC candidate is below the 0.1% (w / w) limit of the entire product.
