Reimbursement related information provided by BIOTRONIK is obtained from third party sources. This information is provided for the convenience of the health care provider only and does not constitute reimbursement, legal or compliance advice. Billing and coding information is subject to frequent and unexpected change, therefore BIOTRONIK recommends that users refer to the information sources listed to verify accuracy prior to acting on the information provided herein. BIOTRONIK makes no representation or warranty regarding this information or its accuracy, completeness or applicability and assumes no responsibility for updating this information. BIOTRONIK specifically disclaims liability or responsibility for the results or consequences of any actions taken in reliance on information in this document. BIOTRONIK strongly encourages health care providers to submit accurate and appropriate claims for services and recommends that you consult directly with payers (e.g. the Centers for Medicare and Medicaid Services (CMS)), certified reimbursement coding professionals, other reimbursement experts, and/or legal counsel regarding all coding, coverage, and payment issues.

BIOTRONIK C-CODE Search Tool

SUMMARY/OVERVIEW:

- The Centers for Medicare and Medicaid Services (CMS) requires providers to report appropriate HCPCS Level II codes (C Codes) for all procedures considered "device-dependent."
- C-Codes are required by CMS for the purpose of collecting accurate charge data for current procedures, and for setting future payment rates.
- Hospital bills that include device-related CPT procedure codes without the appropriate accompanying C code(s) describing the device(s) used in the procedure are subject to denial.
- This product cross reference includes a summary list of BIOTRONIK products. A comprehensive list of C-Codes is avalable at www.cms.gov/Medicare.

Device Category	Device Type	Device Name	Device Description	Model Number	C Code	HCPCS Level II Code Description
CIED	PPM SC	Edora	ProMRI SR-T	407157	C1786	Pacemaker, single chamber, rate-responsive (implantable)
