Enitra 6/8

Product Information

REACH

ARTICLE 33 (1)

Material Compliance

One or more articles¹ in the product contain listed SVHC candidates at a concentration ≥0.1% (w/w) in accordance with Article 59

This product information refers to the pacemaker families Enitra 6/8, including accessories and packaging material.

It is used to pass on supplier information in accordance with Article 33 (1) of the REACH Regulation, reflects our current knowledge and is subject to regular review.

The product information contains no statement on product properties and no statement about potential risks for patients. (1) of Regulation (EC) 1907/2006 (REACH).

| Inventory Number | Name |
|---------------------------------|------------------------------------|
| CAS: 7439-92-1 EC: 231-100-4 | Lead |
| CAS: 556-67-2 EC: 209-136-7 | Octamethylcyclotetrasiloxane (D4) |
| CAS: 541-02-6 EC: 208-764-9 | Decamethylcyclopentasiloxane (D5) |
| CAS: 540-97-6 EC: 208-762-8 | Dodecamethylcyclohexasiloxane (D6) |
| CAS: 110-71-4 EC: 203-794-9 | 1,2-Dimethoxyethane |

¹ In Article 3 (3) of the REACH Regulation, article is defined as "object which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition". Therefore, products may fall under the scope of Article 33 REACH because of the articles or materials they contain, although the concentration of an SVHC candidate is below the 0.1% (w/w) limit of the entire product.
