

Legal Disclaimer on the Use of the Provided Information

The materials on this web-page are for your general information only ("Provided information"). The ProMRI technical manual alone is binding. The following provisions apply to all use of the provided information.

1 Online Contents

The ProMRI Check helps verify the MRI conditions of a patient's implanted cardiac system or configure your patient's MR conditional cardiac system upfront in order to give your patient safe access to MRI scans. You can navigate to the functions ProMRI SystemCheck and ProMRI Configurator.

1.1 ProMRI SystemCheck

This website will assist you in determining whether an implanted BIOTRONIK ProMRI system is MR conditional in the country where the MRI scan will be performed. It will guide you through the large variety of system-specific MR conditions by requesting information on the implanted device-lead combination. Please note our data privacy notice with respect to data processing.

The information provided on this webpage does not replace the need to review and comply with the technical manual and to determine the MRI compatibility of the implanted system on the basis of the technical manual. It also does not substitute the additional instructions for the implanted system.

1.2 ProMRI Configurator

BIOTRONIK emphasizes that the information and opinions made available on these web-pages are neither intended to be viewed as a substitute for consultation with a doctor and nor should they be viewed as such.

2 Liability

BIOTRONIK is not liable for the inability to access these web-pages, the quality of access or the quality of the reproduction of the web-pages, for memory breakdown, viruses or other harmful code, disruptions of service, possible delays, deletions, failures or faulty transmissions.

Without limiting the foregoing, BIOTRONIK is not liable for damage causing events (e.g. loss of data), occurred during transmissions outside the control of BIOTRONIK. BIOTRONIK expressly reserves the right - without a specific notification - to change, modify, amend or delete, in whole or in part, the content on these web-pages or to discontinue, for a period of time or indefinitely, the service.

The disclaimers and limitations of liability in this legal notice are an integral part of the content of these webpages.

3 Copyright

The content made available by BIOTRONIK on these web-pages is protected by copyright. The user is obligated to observe and not infringe upon these copyrights. The user may only download or temporarily store content from these web-pages on a computer or screen for private purposes. The user may further use and make copies (e.g. by print-out) of parts of the content and exclusively for private, noncommercial purposes. The user may only use the data for private purposes. The rights of the user under this paragraph are provided under the condition that the user maintains without any changes any and all copyright and other marks in the copies made. All other use of the content (including but not limited to, copies for business purposes, copies made available to third parties, amendments, changes for own purposes or the purposes of third parties, translation, modifications, arrangements and other changes) require the prior written consent of BIOTRONIK.

4 Trademarks

Any logos, trade names, or product names used on these webpages are the trademarks of BIOTRONIK or their respective owners and may not be used without permission in connection with any third-party products or services.

5 Miscellaneous

The invalidity or unenforceability of any of the provisions above does not lead to the invalidity or unenforceability of the other provisions above. Invalid provisions shall be replaced by such provisions, which come closest to the intended purpose of the invalid provision.
